A composite image featuring a woman's face in profile on the left, looking upwards with her eyes closed. Her hair is dark and voluminous. The background is a vibrant cosmic scene with a blue and purple nebula, numerous bright stars, and a galaxy visible in the upper left. In the bottom right corner, there is a pixelated, mosaic-like representation of a globe. The overall theme is one of cosmic wonder and human potential.

Within us
are powers and abilities
that are like invisible sparks
waiting to be fanned
into brilliant flames

– Dr H Spencer Lewis
